Warning Information

WARNING RESPIRATOR WARNING

These respirators help reduce exposures to certain airborne contaminants. Before use, the wearer must read and understand the User Instructions provided as a part of the product packaging. A written respiratory protection program must be implemented meeting all the requirements of OSHA 1910.134 including training, fit testing and medical evaluation. In Canada, CSA standards Z94.4 requirements must be met and/or requirements of the applicable jurisdiction, as appropriate. **Misuse may result in sickness or death.** For proper use, see package instructions, supervisor, or call 3M OH&ESD Technical Service in the U.S.A. at 1-800-243-4630 and in Canada at 1-800-267-4414.

WARNING HEARING PROTECTION WARNING

These hearing protectors help reduce exposure to hazardous noise and other loud sounds. **Misuse or failure to wear hearing protectors at all times that you are exposed to noise may result in hearing loss or injury.** For proper use, see supervisor, User Instructions or call 3M in the U.S.A. at 1-800-243-4630. In Canada, call Technical Service at 1-800-267-4414. **If there is any drainage from your ear or you have an ear infection, consult with your physician before wearing ear plugs. Failure to do so may result in hearing loss or injury.**

WARNING EYE AND FACE PROTECTION PRODUCTS WARNING

These eye and face protection products help provide limited eye and face protection. **Misuse or failure to follow warnings and instructions may result in serious potential injury, including blindness or death.** For proper use, selection, and applications against flying particles, optical radiation and/or splash, see supervisor, read User Instructions and warnings on the package or call 3M OH&ESD Technical Service in the U.S.A. at 1-800-243-4630. In Canada, call 1-800-267-4414.

WARNING HARD HAT WARNING

3M™ Hard Hats provide limited protection only. **Misuse or failure to follow warnings and instructions may result in serious personal injury or death.** For proper use, see supervisor, read instructions and warnings on the package, or call 3M OH&ESD Technical Service in the U.S.A. at 1-800-243-4630. In Canada, call 1-800-267-4414.

WARNING SORBENT WARNING

Failure to properly handle and dispose of sorbents contaminated by hazardous materials can result in serious physical injury or death and/or environmental harm. For proper handling, consult the Material Safety Data Sheet for the material adsorbed. For applicable safety and health standards, contact your supervisor or call 3M OH&ESD Technical Service in the U.S.A. at 1-800-243-4630. In Canada, call 1-800-267-4414. To reduce the risk of serious physical injury or death, always use the appropriate personal protective equipment for handling the material to be absorbed. Transportation and disposal of spent sorbents must comply with all applicable federal, state and local laws and regulations. **Caution:** Sorbents may become slippery when used on flooring. Do not walk on sorbents or place in high traffic areas.

WARNING WELDING WARNING

These welding safety products must be used only by qualified persons trained in their use and maintenance and only in strict accordance with and adherence to the detailed instruction and precautionary statements provided in the instruction manual which accompanies each product. **Failure to comply with these instructions could result in sickness, serious bodily injury or loss of life.** For proper use of these products read User Instructions and WARNINGS on the package, see your supervisor, on-site training specialist, industrial hygienist or call 3M Occupational Health and Environmental Safety Division (OH&ESD) Technical Service in the U.S.A. at 1-800-243-4630. In Canada, call Technical Service at 1-800-267-4414.

Product Use

All statements, technical information and recommendations contained in this document are based upon tests or experience that 3M believes are reliable. However, many factors beyond 3M's control can affect the use and performance of a 3M product in a particular application, including the conditions under which the product is used and the time and environmental conditions in which the product is expected to perform. Since these factors are uniquely within the user's knowledge and control, it is essential that the user evaluate the 3M product to determine whether it is fit for a particular purpose and suitable for the user's method of application.

Warranty and Limited Remedy

Unless stated otherwise in 3M's product literature, packaging inserts or product packaging for individual products, 3M warrants that each 3M product meets the applicable specifications at the time 3M ships the product. Individual products may have additional or different warranties as stated on product literature, package inserts or product packages. **3M MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR ANY IMPLIED WARRANTY ARISING OUT OF A COURSE OF DEALING, CUSTOM OR USAGE OF TRADE.** User is responsible for determining whether the 3M product is fit for a particular purpose and suitable for user's application. If the 3M product is defective within the warranty period, your exclusive remedy and 3M's and seller's sole obligation will be, at 3M's option, to replace the product or refund the purchase price.

Limitation of Liability

Except where prohibited by law, 3M and seller will not be liable for any loss or damage arising from the 3M product, whether direct, indirect, special, incidental, or consequential, regardless of the legal theory asserted, including warranty, contract, negligence, or strict liability.

Wire Connectors, Spring Connectors and Tools

3M™ "Performance Plus" Wire Connectors

Because of their increased wire range, just four "Performance Plus" Wire Connectors handle the work of seven standard connectors. T/R+ replaces the yellow, tan and red connectors in the majority of field applications. O/B+ replaces the orange, blue and gray wire nut style connectors, as well as 70% of the yellow wire nut and wing style connectors. R/Y+ replaces both red and yellow wing style connectors. B/G+ covers both the large blue and gray connectors. This simplifies selection of the right connector for a wide range of wiring jobs. There's also less inventory to manage, and a better chance you'll have the connector you need to do every job.

Scotch® Wire Pulling Lubricant Gel

Not only does 3M™ Wire Pulling Lubricant Gel make wire pulling jobs smoother and safer, it also wipes off the cable quickly and cleanly before terminating or splicing. Scotch® Wire Pulling Lubricant Wax

The thick, consistent lubricant does not liquefy or separate with hot aging; it scoops and applies easily to wire and cable without runs or drips in hot temperatures; and it will not evaporate too soon after pulls. The lubricant's low friction coefficient lessens the chance of wire damage from high pulling forces, wipes off the cable quickly and cleanly and leaves less residue in the conduit to block future pulls or prevent removal. Because Wire Pulling Lubricant Wax can be immersed in water for 30 minutes with minimal weight loss, it is also the choice for wet weather applications.

SAFETY PRODUCT WARNINGS

PROTECTIVE EYEWEAR WARNING

These eye and face protection products help provide limited eye and face protection against flying particles. **Misuse or failure to follow warnings and instructions may result in serious personal injury, including blindness, or death.** For proper use, see supervisor, read instructions and warnings on the package, or call 3M OH&ESD Technical Service in the USA at 1-800-243-4630. In Canada, call 1-800-267-4414.

HEAD PROTECTION PRODUCTS WARNING

These hardhats provide limited protection only. **Misuse or failure to follow warnings and instructions may result in serious personal injury or death.** For proper use, see supervisor, read instructions and warnings on the package, or call 3M OH&ESD Technical Service in the USA at 1-800-243-4630. In Canada, call 1-800-267-4414.

Bumpcaps do not provide protection against impact from falling or glancing objects. They do not protect against electrical hazards. Bumpcaps do not meet the requirements of the American National Standard for Industrial Head Protection ANSI Z89.1-2003. When head protection is required, wear a protective hardhat or helmet that meets the requirements of ANSI Z89.1-2003.

HEARING PROTECTION PRODUCTS WARNING

These hearing protectors help reduce exposure to hazardous noise and other loud sounds. Misuse or failure to wear hearing protectors at all times that you are exposed to noise **may result in hearing loss or injury.** For proper use, see supervisor, **User Instructions**, or call 3M in U.S.A. at 1-800-243-4630. In Canada, call Technical Service at 1-800-267-4414. If there is any drainage from your ear or if you have a hole in your eardrum, consult with your physician before wearing ear plugs. Failure to do so may result in hearing loss or injury.

AIR MONITORING SYSTEMS WARNING

Do Not Use For:

- Ammonia, Carbon Monoxide; Ethylene Oxide¹; Formaldehyde²; Hydrogen Sulfide; Isocyanates; Methane; Ethane; Propane; Methyl Alcohol (Methanol); Methyl Chloride; Methyl, Dimethyl, Trimethyl Amines; Organic Solids; Sulfur Dioxide
- Reactive or polar compounds such as amines, phenols, aldehydes and low molecular weight alcohols
- Extremely low concentrations within a sampling period of less than 8 hours
- Particulates

¹ Ethylene Oxide can be monitored using 3M™ 3550/3551 Ethylene Oxide Monitor.

² Formaldehyde can be monitored using 3M™ 3720/3721 Formaldehyde Monitor.

SAFETY PRODUCT WARNINGS

PARTICULATE RESPIRATORS WARNING

These respirators help reduce exposure to certain particles. **Misuse may result in sickness or death.** Before use, the wearer must read and understand **User Instructions** provided as a part of product packaging. Time use limitations may apply. For proper use, see package instructions, supervisor or call 3M OH&ESD Technical Service in U.S.A. at 1-800-243-4630. In Canada, call 1-800-267-4414.

Important: Before using these respirators, you must determine the following:

1. If there is sufficient oxygen present.
2. The type of contaminant(s) for which the respirator is being selected.
3. The concentration level of contaminant(s).
4. Whether the respirator can be properly fitted on the wearer's face. All respirator instructions, warnings and use and time limitations must also be read and understood by the wearer before use.

Before use of these respirators, a written respiratory protection program must be implemented, meeting all the requirements of OSHA 29 CFR 1910.134, including training, fit testing and medical evaluation.

SUPPLIED AIR RESPIRATORS WARNING

These respirators help reduce exposure to certain airborne contaminants. **Misuse may result in sickness or death.** Before use, the wearer must read and understand **User Instructions** provided as a part of product packaging. Time use limitations may apply. For proper use, see package instructions, supervisor or call 3M OH&ESD Technical Service in U.S.A. at 1-800-243-4630. In Canada, call 1-800-267-4414.

SORBENTS WARNING

FAILURE TO PROPERLY HANDLE AND DISPOSE OF SORBENTS CONTAMINATED BY HAZARDOUS MATERIALS CAN RESULT IN SERIOUS PHYSICAL INJURY OR DEATH AND/OR ENVIRONMENTAL HARM. 3M Maintenance Sorbents must not be used with aggressive liquids, including caustics, acids, oxidizers, and reactive chemicals.

For proper handling, consult the Material safety Data Sheet for the material absorbed, applicable safety and health standards, contact your supervisor, or call 3M at 1-800-243-4630.

To reduce the risk of serious physical injury or death, adequate precautions should be taken when handling or storing sorbents contaminated by hazardous materials and appropriate personal protective equipment should be worn.

Transportation and disposal of container and its contents must comply with applicable federal, state and local laws and regulations.

WELDING HELMETS

These welding safety products must be used only by qualified persons trained in their use and maintenance and only in strict accordance with and adherence to the detailed instruction and precautionary statements provided in the instruction manual which accompanies each product. **Failure to comply with these instructions could result in sickness, serious bodily injury or loss of life.**

For proper use of these products read **User Instructions** and **WARNINGS** on the package. Any questions concerning proper use should be directed to your supervisor, on-site training specialist, industrial hygienist or 3M Occupational Health and Environmental Safety Division (OH&ESD) Technical Service in the U.S.A. at 1-800-243-4630. In Canada, call Technical Service at 1-800-267-4414.
